

# Handylift 51208

Self-adhesive carrying handle with printed paper label

## PRODUCT INFORMATION

### Product description

LOGO tape Handylift 51208 is based on a tear-resistant PP film with an adhesive specifically developed for bonding on PE films. The carrying zone is created by a paper label that can be individually printed in up to 6 colors using offset printing.

The product design ensures seamless use with all standard applicators. The parallel winding technology allows for long machine runtimes and minimal setup times.

### Application

LOGO tape Handylift 51208 is the ideal carrying handle system, printable with up to 6 colors, designed for heavy package weights.

### Storage conditions

Dry storage, avoid direct sunlight.  
Storage temperature +15 to +25 °C  
Shelf life up to 1 year after delivery.
